

ROLE: Management Accountant

Contract Type: Full-time, permanent position

Location: Ardee, Co Louth

Salary: DOE

Reporting to: Head of Finance

WHO WE ARE - Farrell Furniture is a privately owned Furniture Solutions and Manufacturing company based in Ardee, Co. Louth. We design and manufacture quality office and residential contract furniture to the highest standards, in our purpose-built manufacturing facility here in Co. Louth. Founded in 1961, we have progressed and grown the business for the past 62 years. Now in our third generation, we continue to deliver customised furniture solutions, commercial and residential, to organisations of all sizes in both public and private sectors.

YOUR ROLE – Join our team as our Management Accountant and take full ownership of the financial aspect of our business unit. You will be responsible for the day-to-day commercial finance analysis as well as the alignment of stakeholders in regards to business unit performance.

Working in a manufacturing environment, this position is responsible for ensuring the timely and accurate reporting of the business results to the senior management team to ensure the best possible operational and commercial decision-making.

We are looking for a highly driven individual with strong commercial awareness, to challenge existing processes and constantly looking to improve financial and operational procedures, controlling costs and adding value.

YOUR TEAM - You will be working within our Accounting & Finance team and directly reporting to the Head of Finance.

Responsibilities

- Business partner with Senior Operational, Digital and Sales stakeholders
- Creating financial statements for internal and external business requirements
- Ownership for the budgeting and forecasting for the P&L
- Ensuring accurate consolidation of results, budgets, and forecasts
- Analysing actual performance versus forecasts and budgets

- Support a wide-ranging project initiatives
- Lead the preparation of annual statutory accounts including preparation of the audit files, liaising with external auditors and review of the financial statements.
- Producing analysis packs based on group performance & presenting commercial information to senior management
- Overseeing benefits and compensation packages
- Business case modelling
- Drive ongoing improvements in reporting processes for the business.
- Ensuring the integrity of the general ledger and subsidiary systems.
- Providing commentary explaining the financial performance and MIS reporting
- Being commercially aware in the business to identify cost savings or margin improvements, including life cycle project cost and margin analysis, variance analysis and corrective actions
- High-level support and oversight of project pricing and procurement across the company

ABOUT YOU

Your technical ability
